CLERK: None.

PRESIDENT: Is Senator Waldron in the Chamber? Senator Waldron, we have your 434 bracketed for today, and we are down to General File debate, I was wondering if you are ready to proceed on that? The Chair recognizes Senator Waldron?

SENATOR WALDRON: Mr. President, I would like to ask unanimous consent that it be held over for two weeks from today or sometime around that time, the reason I ask this and I am sorry that I ask this, I thought we would have this worked out by now that there would be no opposition to the bill, and that is what I would prefer in this lowering the tax on aviation fuels in Nebraska, and I think that between the Department of Aeronautics and those people that are interested, that with another week, which we have a meeting with them in about a week, that if I hold this over for two weeks, we can work it out so that there won't be any controversy left. So I would like to have it held over for two weeks.

PRESIDENT: Are there objections? Hearing none, so ordered. Senator Stromer, are you ready with your 128, we will begin at the head of General File.

SENATOR STROMER: Mr. President, it was my understanding that that was Wednesday when we took that up, that was then to be bracketed for one week, so I would ask unanimous consent that we would take it up next Wednesday.

PRESIDENT: You want 128 bracketed until next Wednesday? All right, Senator Stromer asking unanimous consent to bracket his 128 until next Wednesday, are there objections? Hearing none, it is then so ordered. Speaker Hasebroock, excuse me, former Speaker Hasebroock?

SENATOR HASEBROOCK: Mr. President and members of the Legislature, you are coming up to 230, and before we do anything I would like to ask unanimous consent to bracket it?

PRESIDENT: Is the time certain, or just bracket it?

SENATOR HASEBROOCK: Just bracket it.

PRESIDENT: Senator Hasebroock is asking unanimous consent to bracket 230, are there objections? Senator Carpenter, do you object?

SENATOR CARPENTER: I don't want to object, but I want to alert the Senator, and give him plenty of time. When the bill comes up, I am going to try and kill the operation.

PRESIDENT: Senator Hasebroock? So ordered, the bill is bracketed then. Next up on General File debate then, would be LB458, Senator Jules Burbach, what is your pleasure sir?

SENATOR BURBACH: Mr. President and members of the Legislature, I would ask that LB458 be bracketed for sometime in the future, probably indefinitely at the moment, because there is a companion bill, and it is still in committee, and I would like to have the two bills at the same time.

PRESIDENT: The next one on the list is Senator Simpson is 377. What is your pleasure?

SENATOR SIMPSON: Mr. President, we have a little problem, we are working with the Nebraska Press Association on this bill and so we would like to hold it over until the first of the week sometime, if possible? And also, I have 293 coming up, and we could not possibly be ready for another week on this one, I would assume.
